

# *Lackawanna College*

## **AGRIBUSINESS CERTIFICATE**

**(Available Lake Region)**

*CERTIFICATE REQUIREMENTS*

*ACADEMIC YEAR 2023-2024*

**NAME** \_\_\_\_\_

This 14-week certificate program provides an understanding of agricultural practices and offers an introduction into business that will create the foundation for starting a successful farm. Students receive instruction in farm business management, farm structures, farm equipment maintenance, pest management, and soil science.

The program is offered year round. Fall program focuses on animal sciences and livestock management. Spring program starts late January and runs through early May. Summer program starts in late May and runs through early August. Spring and summer programs focus on plant sciences and crop production.
