CANNABIS CERTIFICATE

(Available Scranton)

CERTIFICATE PROGRAM

ACADEMIC YEAR 2021-2022

NAME _____

The 17 credit Cannabis Certificate was designed to be applicable for all those interested in entering the Cannabis space, whether at a grow, processing, or dispensary facility. The certificate provides students with an essential understanding of the regulations surrounding the cannabis industry and how compliance plays in both the success or failure of cannabis businesses. It also provides students with an understanding of the propagation, cultivation and extraction methodologies used in the industries. The courses combine theory, practical, and hands on experience to achieve its objectives.
