ENVIRONMENTAL STUDIES CONCENTRATION

ACADEMIC YEAR 2023-2024

NAME _____

The Environmental Studies Concentration is designed to afford students the option to expand their knowledge base regarding pressing environmental issues. This concentration allows the student to be a more informed, active member of his/her community when issues regarding the natural environment are being debated and decided.

This 12-credit concentration includes the following coursework:

<u>Semester Taken</u>	<u>Grade Earned</u>	
_____	_____	BIO 110 Global Ecology*
_____	_____	ESC 130 Introduction to Environmental Studies*
_____	_____	ESC 140 Climate Science*
_____	_____	LAW 230 Introduction to Environmental Law & Policy

**Developmental Education requirements must be successfully completed before a student may enroll in these courses. Credits earned in developmental courses cannot be applied toward graduation.*
