**Academic advisors help students coordinate their academic plans while at Lackawanna College; however, students bear the ultimate responsibility for insuring that they meet the requirements for their degree.**

### Developmental/Additional Requirements:

Based on assessment testing results, students are placed in appropriate level courses (developmental or college level). Students without SAT / ACT / in-house assessment scores will be scheduled for three developmental courses (Reading for College, Basic Writing Skills, and Basic Math Skills). These courses must be successfully completed before a student may enroll in required English / math courses.

Students entering Lackawanna College who are not qualified to enter directly into either of the PNG programs can pursue Liberal Studies with the Petroleum & Natural Gas Intent for the first semester or year. Liberal Studies with Petroleum Gas Intent (LBPG) students need to work with their academic advisor to review the PNG programs guidelines/ requirements. At the completion of this coursework, if the student is still not eligible for admission to either of the PNG programs, he/she must declare a new major. Students also need to be aware that, if accepted into either of the PNG programs, they may not be able to complete the remaining coursework in a two-year timeframe.**
